Re: Heroes Delivery & Moving, LLC

To whom it may concern;

I have used Heroes Delivery & Moving to handle my last 3 personal moves and they have also moved our accounting firm offices. Heroes has consistently provided a wonderful moving experience for each move and they have excellent customer service. The staff is always accommodating and very careful at handling our belongings. On two occasions we have had them provide packing service prior to the move, this was tremendously helpful and efficient.

I highly recommend Heroes for any moving needs and I will continue to recommend them to any friends and family in the future.

Sincerely,

Jon Stern
